Will the government pay for your nursing home care? What are long term options & who pays? By Ginger Ayers

Date: Wed. May 12 at 1:00 PM

What is the cost to live in a nursing home? If you want to stay in your own home as long as possible, what services are available to help you do that and what do those services cost? And, most importantly, where will the money come from to pay for your care?

In this presentation we will briefly look at the costs of nursing homes, assisted living facilities, and in-home services. Then we will turn attention to how individuals will pay for those services. We'll look at long-term care insurance policies and the major government funding programs (Title 19 and Family Care). You'll find out how eligibility is determined and the benefits for which funding is available. How much money can you keep? What do you have to pay out of pocket? What are your choices? How long are the waiting lists? By Ginger Ayres, Information and Assistance Specialist with the Aging and Disability Resource Center of Ozaukee County. **Register for this no cost program only by Monday, May 10 at 284-5821 and for those who want lunch & program reservations due to Jill by Tuesday May 11.**
